### PROGRESSIVES

Auditorium, June 9.—After they had  
finished consideration of the plat-  
form, but without voting on its final  
adoption, the Progressives adjourned  
at 1:08 until 3 p. m.

Conference committees are said to  
be watching the situation to de-  
termine whether there is any use try-  
ing to again get together.

Senator Borah came over from the  
Republican convention at 12:40 with  
out announcement and delivered a  
speech to the Progressives, getting a  
tremendous ovation. He was inter-  
rupted by the cries: "We want  
Teddy." He said: "There isn't a  
doubt but that you want Teddy, but  
let us hear in mind that what the con-  
ventions do will perhaps decide the  
welfare of the United States for the  
next quarter of a century. I do not  
discourage your loyalty to your leader,  
but it is essential, before we leave  
Chicago that we will march and fight  
together."

### NEWS EPITOME OF BIG CONVENTIONS

Allies win first test of strength by  
states when they elect credentials  
chairman by vote of 23 to 16.

Sessions of two conventions leave  
all factions maneuvering for fusion  
on own terms.

lican action as the drift to Hughes  
grows stronger.

Can't stop Roosevelt's nomination,

fuses any further cut of delegate  
strength in south. No limit on nom-  
inating talk.

frage question.

### BODIES FROM WRECK WASHED ASHORE

fiver and eleven men, survivors of the  
crisis Hampshire which went down  
off the Orkney Islands with Earl  
Kitchener and members of his staff  
aboard, have been washed ashore on

### JUNE 14, DEMOCRATIC CON- VENTION DAY, IS FLAG DAY

Governor Williams has issued his  
flag day proclamation setting June  
14 for observance. A sentiment in  
the proclamation is as follows:

"The Stars and Stripes possess  
new beauty for friendly eyes and  
new terror for the foes of liberty.  
Patriotism and love of country  
should inspire us to lead the nations  
of the world in peace and as a peo-  
ple we should be ever watchful of  
those who would involve us in the  
bitterness of strife and conflict.  
Whether at peace with all countries  
so bravely emphasized by true  
American spirit, or if plunged into  
strife with those who might oppose  
us, let the flag of our country be an  
emblem that will arouse in us that  
which is purest and best in American  
manhood."

### AMERICANISM AND SUFFRAGE IN TWO PLATFORMS

### REPUBLICAN PARTY PLANKS ATTACK WILSON AND UN- DERWOOD TARIFF LAW

Chicago, Ill., June 9.—Americanism,  
protection, protection and woman  
suffrage are leading issues that will  
be the basis of the republican and  
progressive campaigns this year.

The republican convention adopted  
by an overwhelming vote, without  
change, the report of the resolutions  
committee, and, while the progressive  
convention took no formal action on  
the resolutions its committee pre-  
sented, the proposed platform was re-  
ceived with such enthusiasm that little if  
any change is likely.

Suffrage Planks Adopted.

The progressives declare that wo-  
men should be given suffrage either  
by state or federal action. The re-  
publicans recognize the right of

### HOSIERY A BIG SIDE- SHOW AT CHICAGO

DELEGATES FORGOT POLITICS  
TO WATCH DISPLAY OF  
BRIGHT COLORS

### CHICAGO, JUNE 9.—The Women's Party convention introduced the shocking stocking into national poli- tics with telling effect.

For weeks the women had been  
casting about for a stage-frog blow  
to hit the Republican and Progres-  
sive men delegates between the eyes  
so they would pay some attention, and  
it was furnished in the exceedingly  
windiness of Michigan avenue.

As a result, and despite the fact  
that the Grand Old Party and But-  
tresses are preparing for a big bat-  
tle, the women were watched closely.  
It may or may not be significant  
that whenever the weeping clouds  
permit, many informal caucuses are  
held on the Michigan avenue side-  
walks.

Zofra and lead pencil stripe ef-  
fects predominate.  
Even in the dreary drizzle of yes-  
terday's dull evening, several sets  
of delegates were seen to be making  
the rounds of Hosier Row with um-  
brellas.

### WOMEN HIKERS GOT TIRED OF THE GAME

After having walked from Chicago  
to San Francisco and from there to  
Oklahoma City in their return to  
Chicago, Misses Ruth Haines and  
Kathleen Poore stopped here and de-  
cided they would not walk any fur-  
ther. They purchased an automobile  
and started in it for Chicago.  
They are representing the Chicago  
Telephone and when they reach Okla-  
homa intend writing a book telling of  
their journey across the country.

(BULLETIN.)

El Paso, Tex., June 9.—The Mexi-  
can situation is becoming acute. It  
is known that both Carranza and Villa  
followers are acting threateningly.  
Great bodies of peon Mexicans are  
gathering at central points and in-  
ternal dissension is apparent. There  
is a growing feeling against both Car-

A general outbreak is expected.

### PROGRESS MADE AT CARTER WELL: OIL MEN EXCITED OVER SEWARD FIND

The big oil companies have ex-  
pected their situation now as the re-  
sults indicated between the south-  
ern part of New Mexico and the north-  
ern part of Colorado territory, where  
it is supposed a great structure or  
anticline has been found by geolo-  
gists from around townships is an  
other popular place seen. Oil men  
have just now and some fancy prices  
have been paid for leases in that ter-  
ritory of late.

Work on the Carter test is being  
pushed now to good stages under  
supervision of Mr. Seward, and  
feet of casing having been placed for  
much today.

"I expect to reach the true level  
before the end of the month," said  
Mr. Seward.

### OKLAHOMA GUARDS TO BE CALLED SOON?

ARMY OFFICER SAYS OK N. G.  
WILL BE ON BORDER WITHIN  
FIFTEEN DAYS

"Within the next 15 days mem-  
bers of the Oklahoma National guard  
may be expected to receive orders to  
move to the Mexican border."

This was the statement made Mon-  
day night by an army officer, with  
headquarters in Fort Sam Houston,  
El Paso, Texas, who was in this city  
last night.

He said, "Texas and New Mexico  
failed to supply the number of national  
guardmen the war department  
has been informed were available.  
Their muster gave General Funston  
approximately 55 per cent of the  
additional fighting force he wanted  
on searching from these two states.  
This deficiency will have to be made  
up from the national guard of some  
other state. The troops are needed  
on the Mexican border."

"Oklahoma is the next state to be  
called upon to furnish them and it  
is my personal, though not officially  
expressed opinion, that the members  
of the national guard of this state  
may be expected to receive a call  
within the next fifteen days."

### NEW RULES POSTED ON PARCEL POST MAIL

MUST STATE NATURE OF CON-  
TENTS WHEN PACKAGE IS  
PRESENTED AT OFFICE

Under regulations received by  
Postmaster Venable from the post  
office department at Washington, per-  
sons presenting parcel post packages for  
mailing are required to state the  
nature of the contents of the same  
when presented for mailing at the  
post office.

Do not become offended when the  
parcel post clerk makes inquiry of you  
in regard to the contents of the package  
that you desire to mail.  
Packages containing articles of a  
perishable or perishable nature are treated  
divergent from the ordinary pack-  
ages and in order to sufficiently dis-  
pose of the contents of the packages should  
be known.

According to regulations of the  
United States of the post office, more  
or less evidence is required by persons of  
the parcel post containing liquids and  
perishable matter in packages, with  
out designating the contents of the  
same. People often then endeavor  
to avoid detection by making up  
packages in such a way as to avoid  
questioning difficulties, where the  
package should reach the address in  
good condition. A great many pack-  
ages are also presented for mailing,  
which are not properly packed and  
wrapped, and the packing of the  
same frequently causes the patron  
additional time and annoyance.

urday, June 10, is not only creating  
interest among the business men but  
people all over the county are con-  
sidering when it and watching for  
the announcements of the various  
business houses of the special pro-  
grams that will offer. When men or  
women know they can get the dollar  
bargains, in dry goods, clothing,  
groceries, hardware, jewelry,  
furniture and every other line they  
will come a long distance to trade  
and spend a good many dollars for  
five cents.

held by the business men of Guthrie  
and the surrounding territory. It is

### MEN WHO WILL NOT FIGHT ARE FORCED TO WORK

THOUSANDS OF QUAKERS  
AND OTHER NON-COMBAT-  
ANTS WITH ARMY

BRAVE UNDER FIRE, BUT  
REFUSE TO TAKE LIFE

NO POWER CAN MAKE THESE  
MEN FIGHT; THOUSANDS  
WORK WITH ARMY

(By Associated Press.)

British Headquarters in France,  
June 9.—Quakers among all that re-  
fused to fight in the British non-combat  
and conscientious objectors adjust-  
ment who do not want to fight and  
who are not expected to fight. Not  
few but conscientious in their reason  
for being exempted.

In England, where the Quakers  
are so strongly recognized, the Quaker  
is not expected to bear arms  
because it is against his religious  
principles.

When conscription was applied, an-  
other class arose. They said they  
had conscientious scruples against  
the taking of life. If they would not  
fight then they must work, the gov-  
ernment decided. Where a man who  
enters the army under normal condi-  
tions must drill for many months be-  
fore he is sent to the front, the con-  
scientious objector is given a few  
days of drill, put in a tank, and sent  
to France at once. There he holds  
the rifle instead of the rifle.

"There are the N. C. C.'s doing  
their bit," said their commander, an  
officer with a strip of colors on his  
breast, who had been in several cam-  
paigns and was so badly wounded in  
this war that he was hardly fit for  
active service. They got the same  
treatment as the trenchers and  
the same ration, with the extra al-  
lowance of food which is given to  
the "trenchers' corps."

At the front, the N. C. C.'s were en-  
gaged in some railway work. Vir-  
tually all are now engaged to maintain  
lines, but though it was pretty hard  
at first they said they would be in-  
volved in it in time. One was a U. S.  
at Cambridge University. Some had  
very complete to make. The ma-  
jority were clerks, and those who  
were not, were usually shopkeepers.  
Many were members of the Y. M. C. A.  
Trenchers, a unit which holds much  
the same view as the Quakers.  
Those said that it was against their  
tendency to fight and they would not  
commence their travel. They spoke  
of the trenchers with the utmost of  
sympathy which is made against  
them and seemed to realize that  
they were the trenchers and trench-  
ers, and of their officers or fellow  
conscientious men are offering their  
best for trenchers.

"I do not want to kill anybody. I  
do not believe in war" one said. An  
account of passive resistance he  
was really to work at command, but  
he never could make his fight. "If  
we were sent up to work under shell  
fire I think that you will find that  
we are not so different from the  
trenchers."
